

Committed to Confidentiality and Stewardship

It is important to you that your donation is being used effectively. Stewardship is important to us, too. That is one reason we are so happy to report that thanks to private donors, 100% of every dollar 100 you give goes to water projects.

We work with accountability agencies to ensure transparency and commitment to biblical stewardship. We seek to maintain the highest standards of integrity before the LORD and before you. Amazi Water™ abides by the Evangelical Council for Financial Accountability (ECFA) standards of responsible stewardship in its management of donations.

The ministry understands the significance of sacrificial giving and pledges to honor and value the sanctity of the gift. To assure that stewardship merits the respect and trust of the general public and that current and prospective ministry partners can have full confidence in the ministry and causes that they are asked to support, Amazi Water declares that all ministry partners can have the following expectations.

- Be informed of the ministry's mission, of the way the organization intends to use donated resources, and of its capacity to use donations effectively for their intended purposes.
- Have access to the most recent Amazi Water annual report, including audited financial statements.
- Be assured that the ministry will use donated resources effectively for their intended purposes.
- Receive an appropriate acknowledgment of their gift(s).
- Be assured that information about ministry partners and their donations will be handled in a confidential and secure manner.
- Expect that all relationships between the organization's representatives and the ministry partner will be professional in nature.
- Have the opportunity for their names to be removed from mailing, telemarketing, and email lists.
- Feel free to ask questions when donating and to receive prompt, truthful, and forthright answers.
- Receive reports detailing how God used their gift(s) to further His Kingdom, including testimonies, photos, and outcomes whenever possible.
